

## HAPPY FAMILY FAILS TO APPEAR

Notables Nearly All Absent  
From Young Men's Repub-  
lican Club Outing.

### SPEECHES NOT DELIVERED

SAD INCIDENTS OF A DULL DAY  
AT WANDAMERE.

It was announced that Governor Cutler, Senator Sutherland, Senator Smoot, Representative Howell, Ed Loose of Provo and other prominent Republicans would attend the outing of the Young Men's Republican club at Wandamere yesterday afternoon. The announcement that this happy family would positively be seen in one enclosure for a single price of admission should have sufficed to draw an enormous crowd to the resort. Nothing of the kind happened. Governor Cutler was busily engaged somewhere else. So was Senator Smoot. Likewise Representative Howell. Ditto Ed Loose. Nothing doing in prominent Republicans except Senator Sutherland, and Postmaster Thomas and Jake Greenwald in the federal office line. They sat on a bench and observed the scenery, the lake, the bridge, the rowboats, the green, green grass and the trees. Meanwhile they listened to conversation from Mr. Greenwald, surveyor of the port. Major H. P. Myton, who has some vaulting ambition in the line of office, came also. Nor should mention of Harry Joseph, arbiter of Republican destinies in this fair commonwealth, be omitted. At 6 o'clock Calvin Buckwalter, president of the club, had not arrived. Neither had Steve Stanford, another officer. Even Orson Hewlett, repeat, Orson Hewlett, was conspicuous for his absence. If providence hadn't favored the club with unusually hot weather, Senator Sutherland would have come away with a fine crop of icicles clinging to his whiskers. He and several other distinguished Republicans had speeches that were ready to ooze out of their systems. But there was never a chance for an ooke. The speeches are still bottled up. It was all very sad.

Some of the Republicans stayed at the resort for supper. Most of them didn't. The cold truth is that nobody could have told from the appearance of the place that anything was going on. In fact, it was an unusually quiet day for Wandamere. But perhaps lots of people stayed away because they thought the Young Men's Republican club and its friends

**Mrs. Winslow's Soothing Syrup.**  
has been used for YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. IT SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS all PAIN; CURES WIND COLIC, and is the best remedy for DIARRHOEA. Sold by Druggists in every part of the world. "Benjamin" Seabright Sack Suit  
An IDEAL SUIT for the Business  
Man is the "Benjamin"  
Seabright Sack Suit

Shown in this illustration. It has enough "accent" to the style features to suggest progressiveness, but nothing is exaggerated or overdone. This is only one of the many styles of "BENJAMIN" SUITS we show. PRICES ARE \$18 TO \$40.

Poulton Madison Owen & Co.

111-113 Main Street.

## HOME BUILDING KEEPS PACE WITH ACTIVITY IN BUSINESS DISTRICT

Home building in Salt Lake has kept pace with the rapid improvements in the business district. Beautiful residences are going up in all parts of the city and the sums that are being expended will form an aggregate which will not look small even when compared with the millions which are to be spent in the construction of office buildings, stores, hotels and other structures downtown.

The new homes under construction are so numerous that it would be a difficult task to get even an approximately complete list of them.

Mr. and Mrs. Karl A. Schold have moved into their recently completed home at Brigham and Q streets. The house cost about \$30,000. It is built of fire brick and stone, with a half timbered effect above. The building was designed by D. C. Dart.

Culbert L. Olson's new residence in D street, near First avenue, will be completed in about six weeks. It is a brick bungalow and will cost about \$5,000.

Frank E. Dole's home in Second avenue, between E and Q streets, is also nearing completion. It will be a shingle bungalow and will cost \$5,000.

Work has commenced upon the \$10,000 residence of W. H. Dayton at Brigham and P streets. It will be built of pressed brick and will be a roomy and beautiful structure.

B. F. Saunders' home at Second avenue and Virginia is under way. It will cost \$20,000. It will be constructed of yellow pressed brick, with white stone trimmings.

would overrun the place. They will know better next time.

By the way, the fact should be mentioned in conclusion that that sterling, straight-Republican, insurgent-Republican, loyal "American," James Devine, chairman of the Republican city committee, was conspicuously absent. He may have been afraid of meeting Gid Gibby, who has sued for a trifle of \$140 for patriotic services rendered the party in the last campaign. He needn't have been. Gibby was not there. Perhaps Gibby didn't want to mingle with Jodey Eldredge. But neither was Jodey there.

### GREENEWALD IN LINE.

Surveyor of Port Wants to Be Chairman of Republican Committee.

Several members of the Republican city committee are insisting on calling a meeting of that organization for the purpose of deposing James Devine as chairman. Mr. Devine is near-chief of the fire department under the "American" administration. His fellow committeemen take it for granted that he has again become affiliated with the "American" party. Otherwise, they say, he would never have been mentioned in connection with the fire department position.

Now some of the members of the committee, since it seems probable that Mr. Devine will not be confirmed by the council, fear that he will jump back into the Republican party again. So they want to forestall this action by excommunicating him before he can make the return leap. Up to a late hour last night no meeting of the committee had been called, but Jake Greenwald was being talked of, by himself, as Devine's successor.

We will move to our new location, 51 East 3rd St., July 1st. W. B. Rushmer, Manufacturing Optician, 73 West First South.

Wellington Lake is putting up two fine residences at Brigham and C streets. One which Mr. Lake will occupy, is a cobbler stone bungalow and the other is built of red pressed brick. Both are nearly completed.

Stephen H. Lynch is building a bungalow in D street, between Ninth and Tenth avenues. The house will cost \$2,500.

William H. Cunningham's home in U street, between Brigham street and First avenue, will cost \$8,000 or \$9,000. It was designed by E. S. Wallace.

E. S. Wallace is building a \$3,500 bungalow at 45 E street.

William Irvine's new home at 68 Center street will be of the cobbler stone effect and will cost \$4,600. It was designed by J. C. Woods.

S. H. Harrow is erecting a \$4,500 residence at Ninth East and Spruce streets.

Fred Davidson's home in Fourth East street, between Fourth and Fifth South streets, will cost \$5,000. It was designed by Bernard G. Mackenberger.

George D. Mateer will build a \$4,000 residence in Tenth East street, between Second and Third South streets. Excavation for the foundation has been commenced.

Colonel Richard D. Millet is building two double houses as an investment. They will cost about \$11,000. One of the houses will be in Second East street, near Seventh South street, and the other will be in Seventh South street, near Second East street. The buildings were designed by F. A. Hale. They are being built of buff brick and will soon be completed.

Arrangements have been made whereby the farmers may rent for a trifling sum small booths which will be built on the ground and may conduct their market business from them or from their wagons as heretofore if they so desire.

It is the intention of the committee to utilize the re-establisment of a market place, but at present lack of funds makes this impossible.

The finance committee of the council has also met and ordered a large number of claims filed which have been presented for damages caused by grade changes.

### LOCAL MARKETS

In a small way there have been things doing during the week in the local markets. There have been notable arrivals, including apricots, peaches and plums from California. Cantaloupes have gone down, both wholesale and retail, and it is possible to obtain three juicy little fellows for 25 cents, or two big ones for the same price. Red currants are a distinctly new comer. They sell at 10 cents the box. One may get cherries nowadays as low as 5 cents, but the wise buyer will fight shy of these. The standard price is 12 1/2 cents the pound.

Hay remains at the same figure as it was last week, and the dealers rejoice that the weather has taken a turn that will enable the farmer to cut and cure and market his product.

A curious visitor on the market is the duck egg. The duck egg is a delicacy big as a hen's egg and twice as big as a hen's egg and twice as big as a hen's egg. The duck egg on the market is a native of the Salt Lake valley and sells at 40 cents the dozen, although there are few to be had. Sunny Jim is also in town. Sunny Jim is a cute little round perch, or sun fish, that looks good enough to eat without trimmings.

The market quotations, taking the mean between the cheaper and the higher, for the period run.

### FULLY NOURISHED Grape-Nuts a Perfectly Balanced Food.

No chemist's analysis of Grape-Nuts can begin to show the real value of the food—the practical value as shown by personal experience.

It is a food that is perfectly balanced, supplies the needed elements of brain and nerves in all stages of life from the infant, through the strenuous times of active middle life, and is a comfort and support in old age.

"For two years I have used Grape-Nuts with milk and a little cream, for breakfast. I am comfortably hungry for my dinner at noon."

"I use little meat, plenty of vegetables and fruit, in season, for the noon meal, and if tired at tea time, take Grape-Nuts alone and feel perfectly nourished."

"Nerve and brain power, and memory are much improved since using Grape-Nuts. I am over 60 and weigh 155 lbs. My son and husband, seeing how I had improved, are now using Grape-Nuts."

## CHRONIC STOMACH TROUBLE

Another Case in Which the Tonic  
Treatment Was Successful  
After Other Methods  
Had Failed.

A very delicate stomach requires easily digested food but no more never intended that the food should be digested before it is eaten. The stomach must be strengthened to perform its own work and what it needs is not food already digested but a tonic. The processes of digestion are controlled by the blood and nerves, and medical science has produced no better digestive tonic than Dr. Williams' Pink Pills. This is shown by the statement of Mrs. Amos Rogers, the wife of a prosperous farmer, of Sycamore, DeKalb county, Ill. She says:

"I was a sufferer with stomach trouble for many years and was only able to eat liquid food. I tried all kinds of medicines and the most skillful doctors but I did not help me. One doctor said I had cancer of the stomach; another

ulcers, and others said it was my heart. During a visit to relatives at Oxford, N. Y., I was surprised to find the great benefit they had received from the use of Dr. Williams' Pink Pills and began to take them myself. At the end of a few weeks I was eating solid food and continued to improve until cured. I had forgotten what refreshing sleep was until after using the pills, but now I sleep well every night. My general health has been good and I always keep Dr. Williams' Pink Pills in the house."

The pills are guaranteed to be safe and harmless to the most delicate constitution. They contain no morphine, opiate, narcotic nor anything to cause a drug habit. They do not act on the bowels but they actually make new blood and strengthen the nerves. If you want good health you must have good blood.

Every dyspeptic should have a copy of our Free Diet Book, "What to Eat and How to Eat." It contains much useful information. Send today for a copy.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50c. per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.
